CLAIMS 1-28 ARE PENDING

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 1 at line 4 after "recipe text file", --built using Backus-Naur Form grammar—is hereby inserted.

In claim 1 at line 7, prior to "link", --name-- is hereby inserted.

In claim 3 at line 4 after "recipe text file", --built using Backus-Naur Form grammar—is hereby inserted.

In claim 3 at line 7, prior to "link", --name-- is hereby inserted.

In claim 3 at line 18 prior to "link", --modified name-- is hereby inserted.

In claim 16 at line 5, prior to "link", --modified name-- is hereby inserted.

In claim 19 at line 5 after "recipe text file", --built using Backus-Naur Form grammar—is hereby inserted.

In claim 19 at line 6, prior to "link", --name-- is hereby inserted.

In claim 27 at line 5, prior to "link", --modified name-- is hereby inserted.

Authorization for this examiner's amendment was given in a telephone interview with J. Scott Anderson on 3/16/06.

2. The following is an examiner's statement of reasons for allowance:

It was well known at the time of the invention to reformat name/value pairs wherein formatting descriptions are linked to the name/value pairs and producing executable objects that render output in a given format [[Smith, US 6,061,623].

It was also well known at the time of the invention to use Backus-Naur (BNF) descriptions for rules-based programming [Knudsen et al, US 5,596,752, COL 22]. However, the particular combination of limitations including the input of name/value pairs, using source code in BNF to produce an output in one format by building a recipe text file linked to the name/value pairs by name(s), converting the recipe file into a sequence of executable objects, and rendering the name/value pairs into output in a second format without modifying the source code, is neither anticipated nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
